

# Private Label & Bulk Manufacturing Services.

Product Catalog-2025

# About Us

With over a decade of experience, Cosmera is the trusted private label manufacturing partner for hundreds of brands nationwide.

Our expert team supports you at every step, offering a wide range of personal care products and packaging options to help you create a unique, high-quality, and cost-effective product line proudly made in Pakistan.

We offer 50+ skin and hair care formulations made with high-performance, naturally derived, and certified organic ingredients. Our private label services allow extensive customization while keeping start-up costs and lead times low giving your brand a fast, cost-effective path to market.

## **Cruelty Free**

We don't test any formulation on animals.

## **Vegan Formulas**

Most of our formulations are vegan

## **Shelf Life Tested**

We test our products for a reliable shelf life

## **Short Lead Times & Low MOQ**

No one offers lower minimums than we do!

## **Sustainable**

Crafted from eco-friendly materials

# Why Private Label

Building your brand with specialized private label skincare products helps boost both your reputation and profits.

We provide high-quality private label products with low minimums and competitive prices, designed to drive customer loyalty and strong returns.

## Higher Profits

Our premium natural and organic skin and hair care products come at prices equal to or below top brands — and you set the retail price.

## Brand Equity

Building your own product line not only elevates your brand's image but also earns you customer trust and loyalty.

## Increased Sales

By marketing your own brand, you have full control over margins and product pricing, allowing you to make better marketing decisions and strategies.

## Client Retention

Retain your customers and build lasting loyalty with premium-quality products offered at highly competitive prices.

# Let's Get Started

## ● STEP 1

### Choose your product
